# COURSE OUTLINE

## Key Learning Points

### Day 1

1

#### PURPOSEFUL LEADERSHIP

Strategic overview on the importance of having a purposeful leadership approach in managing issues and challenges.

2

#### MODULE 1: LEADERSHIP

This module equips leaders with the skills to set and communicate a strategic vision that aligns with their institution's mission aligning with the prominent framework for university ranking.

3

#### MODULE 2: MANAGING EXTERNAL RISK

This module equips leaders with strategies to identify, assess, and mitigate risks originating outside the institution. It covers understanding the impact of regulatory changes and safeguarding the institutional reputation.

4

#### MODULE 3: GOOD GOVERNANCE

This module provides leaders with the principles and practices essential for maintaining transparency, accountability, and ethical conduct within their institutions adopting the relevant ESG and university ranking framework.

5

#### MODULE 4: PRACTISING GOOD GOVERNANCE

This module delves into effective decision-making processes, stakeholder engagement, and adherence to legal and regulatory requirements, aligning with strategic objectives and intended university ranking.

### Day 2

1

#### MODULE 5: SUSTAINABILITY

This module is designed to equip leaders with the knowledge and tools to integrate sustainable practices (i.e QS World University Ranking: Sustainability 2024) into their institutions aligning with institutional goals.

2

#### MODULE 6: MATERIALITY ASSESSMENT

This module exposes leaders on identifying and prioritising the most significant environmental, social, and governance (ESG) issues affecting their institutions aligning with institutional goals and university ranking framework to enhance sustainability reporting, strategic planning, and decision-making.

3

#### MODULE 7: SUSTAINABILITY PROGRAM

This module equips leaders with the knowledge and tools to design, implement, and manage effective sustainability initiatives within their institutions, while also addressing challenges and adopting best practices in fostering a culture of sustainability.

4

#### MODULE 8: PRACTISING SUSTAINABILITY

This module emphasises on fostering a culture of sustainability among faculty, staff, and students, while also engaging with external stakeholders. Leaders will learn how to navigate challenges, seize opportunities, and drive positive change towards a more sustainable future for their institutions and communities while also improving the university ranking.
